7th September 2023, Edinburgh, Scotland

Directions to the Venue

a) From Glasgow Airport

When it comes to travelling from Glasgow Airport to Edinburgh Haymarket, you have three options; taxi, bus or train. Taking a [Glasgow airport taxi](https://www.checkmybus.co.uk/glasgow-airport/edinburgh) is the only direct transfer option, it takes just 1 hour and 10 minutes to reach Edinburgh Haymarket. The cheapest option is to take the Airport Express service 500 and Citylink 900 buses, but you have to make a change in Glasgow, so it does take approximately 1 hour and 40 minutes. Another public transfer option is to take the train. However, there are no trains from Glasgow Airport, so you will need to take the Airport Express service 500 into Glasgow city centre first. This journey takes approximately 1 hour and 40 minutes.
